

The Conference on European Standards of Care for Children with Cancer took place in Warsaw on 20-21 October 2011. This conference is a part of the EPAAC WP 7, Healthcare and was organised by the European Society for Paediatric Oncology (SIOP) and the Polish Ministry of Health. This workshop was organised in order to disseminate the 'Standards of Care for Children with Cancer' document created by a multi-disciplinary team of experts across Europe.
