We are proud to present the proposal for European Cancer Information System (ECIS). This updated version was created as a result of Work Package 9 (Information and Data) disccussions with EUROCARE, ENCR, IARC, OECI, JRC and DG SANCO and is in line with the EU health strategies of recent years.

The ECIS proposal will be presented at the coming EPAAC OPEN FORUM in Rome, on 19-20th June, and a specific open session on Cancer Information & Data is scheduled on June 20th between 14:00 – 18:00.
